CONGRESSMAN J. K. TENER WITHDRAWS AS CANDIDATE

Will Not Affect His
Standing as Repre-
sentative.

SPECIAL MEETING CALLED

Conferees of District Expect-
ed to Meet at Pittsburg
Next Thursday.

Congressman John K. Tener yesterday withdrew as a candidate for Congress in the Beaver Lawrence Washington district by forwarding a notice to that effect to the Secretary of State at Harrisburg. Mr. Tener waited to take this step until after he was officially notified that the Republicans had nominated him for Governor. This withdrawal, however, does not affect Mr. Tener's standing as a Congressman. He still represents the district and his withdrawal as a candidate is simply for the purpose of filling the vacancy caused by nomination for Governor.

Last night the Republican State chairman, Henry F. Walton, telegraphed from Philadelphia to the county chairman of the three counties, calling for a special meeting to conferees of the counties of meet at Pittsburg at the Hotel Schenley, probably, on next Thursday afternoon to nominate a candidate. Joseph H. Thompson of the Beaver county Republican committee has called a meeting of that committee for Wednesday afternoon for the selection of conferees. The Lawrence county committee will meet the same afternoon. County Chairman J. Frank McClay has called the executive committee together for a meeting tomorrow. This committee, acting upon the authority delegated by the county committee will select the conferees to attend the meeting in Pittsburg Thursday. It is not known who will finally be selected as a candidate to succeed Mr. Tener, as each county has candidates that have been talked of as possibilities.

REUNION OF TENTH EVENT NEXT MONTH

The annual reunion of the famous Fighting Tenth Regiment, Pennsylvania volunteers, will be held in New Brighton on August 4. All arrangements in connection with the event have been completed and no effort will be spared to make the reunion the most successful in the history of the regiment. Several hundred veterans are expected to be in attendance.

BROWNSVILLE FERRY COMPANY CHARTERED

Preparing for Time When Old Wooden Bridge
Will No More be Crossing Over
Monongahela River.

Governor Stuart has approved the charter of the Monongahela Ferry company, which is to operate a ferry across the Monongahela river between South and West Brownsville, with an office in Brownsville. The capital is \$5,000 and the incorporators are G. M. Hosac, Jr., Pittsburg, formerly of Harrisburg, and W. D. McBryar, Elizabeth.

This ferry will accommodate the traffic between Brownsville and West Brownsville. The ferry is made necessary because the Pennsylvania Railroad company intends to tear down the old wooden bridge now connecting the towns on the opposite side of the river at Brownsville.

The old bridge is a connecting link of the old pike, but was owned by private parties, who following an order from the United States government to tear it down, sold it to the railroad company.

STUPENDOUS OUTPOURING CONSPICUOUS BY ABSENCE

Delegates Appointed by Acheson Men to Help
Form "Third Party" at Meeting
in Philadelphia.

According to the Washington Observer, "Washington enthusiastically rallied to the third party cause" yesterday, when a meeting was held at the court house and delegates chosen to attend the rump convention at Philadelphia Thursday for the purpose of nominating a third party ticket. In reality just 19 persons, including four newspaper reporters, were in attendance at the county convention, and these had been solicited to attend by the circulation of petitions some days previously at the county seat. The spontaneous outpouring of "free men" to whom Mr. Acheson issued his impassioned appeal was conspicuous by its absence.

The whole proceeding was held of incident and dull as to detail. Boyd Crumrine, Esq., presided and Samuel Amspoker acted as secretary. But for reading "An Appeal to the Free Men of Pennsylvania," which occupied

seven minutes, the convention would have distanced the recent Republican convention at Harrisburg as to time. Delegates to the rump convention to be held in Philadelphia Thursday were chosen as follows:

T. B. H. Brownlee, former district attorney; B. F. Mevay, member of council and secretary of the Washington board of trade, Republicans, and A. G. Braden, an attorney who was a delegate to the Democratic State convention at Allentown. W. F. Smith, U. B. Ramsey and William Forgie were elected alternates. The chairman was authorized to name a committee to prepare a plan for the organization of Washington county.

No provision was made for the expenses of the delegates to the convention or plan of action mapped out. The whole proceeding was of the cut and dried order, and bore the earmarks of the handiwork of former Congressman E. F. Acheson.

GALA TIME IS PLANNED

Miners Will Hold Out-
ing Near California
on Saturday.

The coal miners along the Monongahela river are making active preparations for an outing, or picnic at Phillipsburg, on the hill near California Saturday, July 30. They have issued invitations to every miner and to every member of his family along the valley to be present and enjoy a day in the woods. Also to his family to bring the children, fill the baskets and stay all day. Various games and races will be features to amuse the people and prizes are to be offered to the winners. Two baseball games are listed on the program for the day.

Several prominent speakers will be present, headed by Ex-President William Green, of the Ohio miners, followed by International Vice President Frank J. Hayes, President Francis Feehan, of District No. 5, Vice President Van Bittner, Coroner James T. Heffran, of Washington county, and others. Interpreters will be present to deliver the speeches to the non-English speaking miners.

KNIGHTS OF MALTA TO PICNIC IN AUGUST

Arrangements have been completed for the second annual outing of the Knights of Malta by the order from this section at Woodlawn Beach Park, Ashtabula Harbor, O., on Saturday, August 20. This promises by far to be one of the largest picnics ever to leave the valley and the crowd will be augmented by Knights and their friends from all points between Brownsville and New Castle.

Between 25 and 30 members of Charleroi Circle No. 303, Protected Home Circle, including the members of the degree team, took a trip to Donora last night, where the degree team initiated a large class into membership with the circle recently formed at Donora. The degree team performed the initiatory rites under the direction of District Deputy W. R. Starke of Uniontown, who has been working in this section. The Donora circle, after the business session, entertained at a social hour and refreshments were served.

HAND AND ARM CRUSHED IN A STRANGE WAY

Jack Charman, a rod mill employee of the Pittsburg Steel company at Monessen has been sent to his home in Cleveland, Ohio, suffering from a horribly crushed hand and forearm sustained as the result of an accident at Donora Saturday night. The man according to his own story had been there to see a young lady. In getting from the path of an approaching train he fell, and to save himself put his hand on the track. He was unable to recover himself in time, and the train passed over it. He was seen by a friend after having wandered along the railroad for the greater part of the night and sent to Monessen to have his hand fixed up.

Future.

MORE MERCHANTS SIGNING

New officers for the coming term have been elected by the Charleroi Retail Clerk's local and installed as follows: President—Frank Taylor; first vice president—Miss Anna Ellenberger; second vice president—Miss Victorine Hantisse; financial secretary and treasurer—Oscar Carson; recording secretary—Miss Victorine Laborie; guide—L. P. Honsaker; guard—Earl Taylor; relief committee—Misses Mary Alexander, Anna Ellenberger and Mary Schwade.

The clerks have nearly all the Charleroi merchants signed up on the early closing hours. A degree team is being formed by the local, and a number of interesting features are being arranged. A moonlight boat excursion for some time in the not far distant future is one of the plans for social enjoyment and a committee is arranging for a series of dances to be given at Eldora Park before the close of the park season.

TRAIN PURSUED BY HOODOO HITS THE BACK TRAIL

A hoodoo pursued north bound train No. 167, running from Uniontown to Pittsburg, last night, which is due in Charleroi at 5:53. Coming down the Redstone branch the engine hauling the train blew out a cylinder head. A new engine was secured from Vanceville Junction, and it had little more than started with the passenger laden train until it jumped the track. Thereupon, disgusted, the trainmen were forced to await the arrival of the south bound train No. 168, when passengers were transferred, and No. 168 came back down the division while the hoodoo pursued train managed to get their engine back on the track and proceeded to Uniontown.

PAVING THE BIGGEST ITEM

Property Valuation Increased
and Town Greatly
Beautified.

Improvements costing a total of \$19,074.56 were made by the borough of North Charleroi during the last year. The biggest item in the entire bill is that of grading and paving on Lincoln avenue. By a bond issue the paving was made possible.

The total cost of grading and paving on Lincoln avenue with incidentals included was \$12,057.25. In this alone the paving work cost for the distance of 4,622.1 square yards \$6,332.28. On the East Branch grading and paving cost \$2,015.67. In West Fourth street the paving with incidentals cost \$3,473.86.

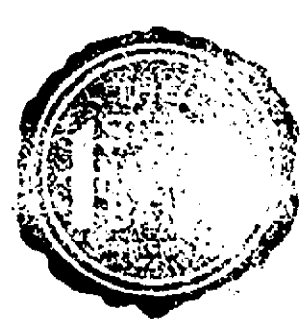

The Hallam Construction company of Washington did the work of paving, and laid sewers in the borough, both being big jobs. In the distribution of cost, there is a balance in favor of the borough of \$2,102.49 through deduction for sewer and sewer pipe plus 2 per cent, deduction for building wall and deduction for paving to property lines. This leaves the amount to be distributed of \$16,972.10. Of this the one third cost of the borough is \$5,657.35, and the cost to adjacent property two-thirds, \$11,314.74. With the total number feet front of abutting property 4,404.53, the cost per front foot is to the property owners \$2.57. Through the very extensive improvements, North Charleroi has been benefitted and beautified. Property valuations have raised considerably there since the paving of the streets and the sewerage of the town.

VALLEY ROAD MUCH FAVORED BY CITIZENS

The citizens along this river should arise en masse and demand that a straight road be placed along the river with the absence of grade crossings. This district is no longer a sparsely populated rural community. It is one that bustles with industry and thousands of people travel daily between Brownsville and Monongahela, by road, train and street car. The public road is a necessity and it is up to the people who must endure the risk to demand that their lives be protected. When the street cars run at the rate of 40 to 50 miles an hour in order to keep up their schedule through a district so thickly populated provision should be made to abolish the crossings. Lives are more precious than property and therefore the greatest efforts should be put forth to minimize the great sacrifices being made by reason of grade crossings. Let us have a river road without the railroad and street cars crossings, and let the agitation be kept up until it is accomplished.—Roscoe Ledger.

A Wretched Fiasco

The so called convention and attempt to organize a third party in Washington yesterday resulted in a wretched fiasco. Instead of a spontaneous gathering of "free men" at the county seat to register their protest against the alleged misuse of the Republican party, and the obstinacy of the Democratic party in refusing to nominate a candidate that the disgruntled felt they could support and still keep their standing in the Republican party, nineteen residents of the county seat, including newspaper reporters, were present. These had to be drummed up and the proceedings decidedly bore the earmarks of manipulation—cut and dried at that. It is needless to remark that the manipulation was the handiwork of one Ernest E. F. Acheson, the king bee of political soreheads.

A glance of the personnel of the following of the rump movement will readily convince the most skeptical of the hopelessness of the cause. If the Washington county movement represents the class of political revolutionists of the State—and it probably does—the showing is ridiculous to say the least. Nineteen people, and one fourth of them newspaper reporters, is a pretty slim basis on which to base a "political uprising of the masses."

Grade Crossings

An editorial comment from the Roscoe Ledger, published elsewhere in this issue, relative to grade crossings, is most timely. The Ledger is in accord with the proposed river boulevard, but in addition it advocates that all grade crossings along the thoroughfare be abolished. As both railroad and street railway cross the road at frequent intervals, some of these crossings are highly dangerous. This was demonstrated not long since by the fatal accident whereby an auto was run down by a trolley car and two persons killed and five more seriously injured.

When Mark Twain published his "Innocents Abroad," and that was in the early nineties, he marvelled at the absence of grade crossings in France. He dealt upon the perfect roads in La Belle France, and how the railroad train on which he was riding crossed above and below these roads, but never on a level. In that country railroads had to conform to

the safety of the people from the very start, and grade crossing accidents have never been known there. A grade crossing is a most deadly menace wherever it exists. They never should be tolerated anywhere, and it was only by the negligence of the public that they were permitted at all. The point of the Roscoe Ledger is well taken, and when the river boulevard is laid out, the grade crossings should be eliminated.

Works Well Here

The recent decision of the Superior Court, sustaining Judge McIlvaine's action in license court in refusing the Star Brewery license for alleged violations of the Brooks law, is decidedly a set-back to the local option sentiment, particularly county option. Judge McIlvaine's action at the license court demonstrated that the Brooks law can and does restrict the liquor traffic when enforced to the full extent of the law, and that where this enforcement prevails the effect is virtually the same as local option.

In view of the recent lynching at Newark, Ohio, because of a failure to enforce local option laws in a community hostile to it, the feeling is gaining ground that in industrial communities, at least, the license discretion is safer with the courts than with the voters. In Washington county there can be no complaint on the part of conservative people of the court's action. Licenses are reduced to a minimum in this county, and they are regulated by conditions and sentiment. If the option were left to the voters it is quite certain that many dry spots in this county would become wet. The merits of local option depend upon the enforcement of the law, and if the Brooks law is enforced up to the letter, it accomplishes practically the same results.

CATHOLICS GAIN VICTORY THROUGH HARDER HITTING

The Catholics by slam banging the horsehide into all corners where players were not, captured a rattling hitting contest from the Lutherans last night by the score of 10 to 5. Miller, the young Lutheran twirler, was seemingly in good shape and worked hard, but the Catholics brought their batting clothes, and they insisted upon banging the ball every time chance afforded. The Lutherans did some suiting of the pill in the sixth inning, when they got four hits.

The Lutherans began the scoring in the third inning and the Catholics secured three runs the next inning on a like number of hits and two bases on balls. In the sixth they scored three more on a quantity of bingles, and the Lutherans went after things, for four runs and four hits, and two errors. The Catholics again gleaned four in the seventh on a similar number of bingles. The score:

MOONLIGHT EXCURSION PLANNED BY MONESSEN KNIGHTS OF COLUMBUS

The Knights of Columbus and the Ladies Catholic Beneficial Association of Monessen have made arrangements to give another delightful boat excursion on Thursday, September 1, in the afternoon and evening, for the benefit of the St. Leonard's church.

The big steamer Sunshine has been chartered and will leave the different towns at the following hours, Webster at 9, Monessen at 10, Charleroi at 11 and returns to Charleroi at 4 p. m., to Monessen at 5 and Webster at 5:30. In the evening leaves Webster at 6:30, Monessen 7:30, Charleroi 8:30. Jenkins orchestra has been secured to furnish the music for dancing and there will be other amusements for the younger people. Two handsome prizes valued at \$25 and \$50 are offered by the Knights of Columbus to the ladies selling the highest and next highest number of tickets.

UNDESIRABLES ARE EJECTED FROM HOUSE

Through efforts of Health Officer William Darby, Chief of Police C. W. Albright and Patrolmen George McEldowney, a house at the corner of Seventh street and Fallowfield avenue, included in the purchase of the government for a government building, has been cleared of some undesirable residents. Through the unsanitary conditions preserved by the foreigners, who inhabited it, Health Officer Darby took steps to have them removed, and last night the head of the family was brought to the police station, where Burgess Risbeck told him that inasmuch as the agent from whom they rented the house did not any longer have charge, their absence was desirable, and that moving would be made a necessity within three days.

MAN'S INFATUATION FOR THIRTEEN-YEAR OLD CAUSES FRACAS

Frank Vitale of Tenth street was fined \$6.00 and costs by Burgess Risbeck this morning on a charge of disorderly conduct in consequence of a much mixed up affair. The informant was Mrs. Katolena Esposetok. Mrs. Esposetok has a 13 year old daughter to whom it is stated the man has been paying attention for some time. He was spurned by the girl, it is said, until yesterday he entered the home to plead with the mother to be allowed to marry her daughter, and it is alleged became disorderly. The woman after she had succeeded in having him ejected from the premises, came for Chief of Police Albright, and had the man arrested at a shoemaker's shop. From the result of alleged actions which are strenuously denied by the woman and some of those who are said to have seen the entire occurrence, Mrs. Esposetok was arrested on information of the shoemaker's wife, and the evidence being against her she was fined \$1.00 and costs by Justice of the Peace E. E. Rice yesterday afternoon. The case has been reopened, on account of some alleged incorrect evidence and some other disposition may be made of it.

JOURNALIST IN THIS SECTION FOR MATERIAL

Maximilian Foster, a noted journalist and magazine writer, was a caller yesterday on Jesse K. Johnston, superintendent of the Charleroi Coal Works, who is an old-time acquaintance and friend. Mr. Foster, who was on his way to San Francisco, Cal., which is his home, has been associated with the staff of writers of the Saturday Evening Post and one of his articles, "Billy's Graft," will no doubt be recalled by many readers in this community. He is working up several articles connected with the industrial situation, and his visit to the Pittsburgh district was no doubt in search of material and information.

CURTIS TO APPEAR AT PITTSBURG IN THREE-DAY MEET

Glen H. Curtiss recently won the \$10,000 purse offered by the New York World for a fight from Albany N. Y. to Governors Island. He also finished six weeks' exhibition for the Government, demonstrating that the aeroplane can be used in time of war. His exhibition of sailing over the ocean at Atlantic City surpassed all previous flights.

During his stay at Brunot Island, Pittsburgh, August 4, 5 and 6, he will demonstrate all movement of the aeroplane.

The Pittsburgh Aero Club, under whose auspices he is flying, has made superb arrangements for handling the crowds.

A line of steamers will leave Sixth street bridge every 10 minutes. Lake Erie R. R. will run special trains every 10 minutes. Corapolis, Island Avenue, West Park and McKees Rocks, where a pontoon bridge has been erected direct to the Island free to the patrons. Woods Run street car from city every five minutes to Sterling street, where a new line of ferries will be running.

This exhibition of aeroplane manipulations will be the sight of a lifetime. A similar exhibition was given in the State of Arizona, people coming from 1,500 miles to witness it. Any of our readers visiting Pittsburgh during this meet are advised to cut this out, take it with them for reference.

MEMBERS OF LOCAL AREA MAY ATTEND GRAND CONVENTION

It is expected that some of the members of the local Aerie of Eagles will attend the annual national convention which convenes for a five days session at St. Louis, Mo., on August 22. The delegate from the Charleroi aerie is Patrick Acton.

Time to Make Visit

A special train containing Superintendent A. G. Mitchell, of the Monongahela division, and a number of head traffic chiefs made a trip over the division today. The purpose of their visit is not known.

Friends Making Efforts to Have Boys Released

Friends, backed by a petition containing 202 signatures, are making a fight for the release of Daniel Tolan and George Drennon, two Belle Vernon boys in jail at Uniontown and under sentence to Huntingdon. Commitments to the Reform School have been made out but the prisoners are held awaiting final action in the matter.

Drennon and Tolan with a companion pleaded guilty to the larceny of brass from the P. and L. E. railroad. They were charged with taking the brass journals from cars between Fayette City and Belle Vernon and were brought to Monessen by special agent, Felix Silivensky and afterwards taken to Brownsville where they were given a hearing on June 16.

The petition filed asks that the two prisoners be paroled and avers that they were not the leaders of the real parties concerned in the taking of the brass.

Viewers Will Meet Wednesday at Donora

Tomorrow is the date set by the commissioners appointed to investigate the necessity for a re-division of Donora into additional voting precincts as prayed for by the voters of Donora at a recent petition to court. A number of witnesses will testify at the investigation which will be held at Hotel Indiana.

Delegate to Convention

Alex Hudspeth has gone to Philadelphia to attend the annual convention of the Sons of St. George, as a delegate from the Charleroi order. While absent he will visit Washington, D. C., and Atlantic City.

WHEN WOMEN REGISTER.

A Hotel Clerk Explains Why a Blotter Is Necessary.

"Hotel clerks get to be great observers of human nature," said an old hotel "lobbyist." "During the many hours out of each day that I spend warming this chair I have learned many tricks of their trade which go to prove my statement."

"In fact, this clerk here has a peculiar trick of his own which shows how keen an observer he is. If you watch him at work you will find whenever a woman is registering he holds a blotter so as to hide the other names on the page. At first when I noticed it I thought that he was merely holding the blotter in readiness to use it in the newly written name, but when I found that he did it only when a woman was registering my curiosity got the better of me, and I asked the reason."

"Why," said he, "women are the most nervous creatures in the world. I hold that blotter up to show that I am not watching them write their names and at the same time to keep them from trying to exceed the other handwriting on the page. If they noticed that I was watching them closely it is a safe bet that they would get nervous and make an awful botch of their signatures trying to be fancy. On the other hand, if they saw a particularly pretty signature on the next line the chances are that they would try to improve theirs with a flourish or two, which generally means a choice blot to be scratched out by yours truly."

"I decided to test his theory by looking over a woman's shoulder while she registered. The result was just what he said it would be."—Milwaukee Sentinel.

ONE BUSINESS REFORM.

Brought About by Frank Statements From Former Employees.

If the manager of a business institution knew all that his employees know about the details of the business many things would be different. The manager of a large mercantile house recently conceived the idea of writing a personal letter to every employee who had left the house during the last five years, inviting a frank statement of the reason for leaving. The former employees, now expecting neither censure nor favor, were very frank and explicit and, as a rule, wrote letters that could not fail to command respectful attention. One man told how hard he had worked to support his mother and how, when he asked for an increase, he was shifted back and forth between different superiors for several weeks without having his request referred or acceded to and he grew tired and sought another position. Another told of the impossibilities of the department manager and of his inability to get relief from a nagging disposition which was taking the heart out of hundreds of other men in his department. Many points of obvious mismanagement were brought to light which had virtually driven away good men who had been educated to the business. The manager has been busy ever since making reforms based upon the information he received.—Collier's Weekly.

MASON INSTRUCTED TO REPORT READY TO PLAY SATURDAY

Manager Grant of the Knoxville team of the County League called Joe Mason, coach of the Lutheran team, over long distance 'phone last evening and asked him to report if possible to play third base against Wilkesburg this coming Saturday. Joe Mason's name has been on the Knoxville roster since the opening of the season, and Manager Grant's club is now fighting for first place against the West Enders for whom Frank MacHale is twirling. Joe wants to get Dietz and Newton, the brilliant young infielders on the Catholic team, in the County League also, as these two are, in his opinion, ripe for faster company.

Eczema—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject, issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

TENER DISARMS DISTURBERS

Republican Candidate For Governor Stands Squarely Upon the Platform of His Party.

TALKS LIKE A BUSINESS MAN

He is Dignified and Concise and His Successful Record in Every Walk in His Life Gives Confidence to the Party Workers.

John K. Tener, the nominee of the Republican party for Governor of Pennsylvania has given to the voters of the State the platform upon which his administration will be constructed and his proclamation has completely disarmed the discontents who have been endeavoring to muster a third or independent party in the State. The original plan of the discontents was to build an independent movement upon the dissatisfaction provoked by the overwhelming defeat of the Bryan forces in the State at the recent Allentown convention when State Senator Webster Grim was made the Democratic candidate for Governor. The old line Democrats from every section of the State resented the assault upon the work of their convention and the Democratic end of the independent party movement was completely wrecked. Then followed an effort by the self-seekers to attack Mr. Tener but Mr. Tener has placed himself squarely and so sincerely upon the platform of the greatest good to the greatest number that the discontents have been driven in desperation to their own scanty following and to all intents and purposes the independent party has died aborning. It still seems certain that an independent party will be organized in the State, but its organization is certain to be made up of selfish place hunters, that rag-tag and bob-tail few, who, according to their own way of thinking, are absolutely pure and undefiled and whose main purpose in life is to hold public office to be administered along the lines of some theory removed from earthly things. The candidate or candidates of the proposed third party will include either D. Clarence Gibbons, of Philadelphia, or Former Mayor George W. Guthrie, of Pittsburgh, or W. H. Berry, the Bryan representative in this State. These gents are already in a sort of a dead-heat race for the first honor at the hands of the proposed new party and the interest in their proposed movement seems to be confined wholly and entirely to themselves. They will be their own delegates to their own convention and they will be the candidates of their own selection. The one capable of shouting out the meanest things about Pennsylvania will no doubt receive and merit the highest honor at their own hands and, being on the "holier than thou" order, the voters of the State will be asked and expected to join them in their campaign of vilification now more politely termed uplifting.

The blow delivered to these pre-tending disturbers by the indignant Democrats fairly staggered them, but the knock-out was delivered to them in Pittsburgh last Saturday when the Republican workers from every county in the Commonwealth gathered at the Americus Republican club rooms and formally notified Mr. Tener and his colleagues on the Republican State ticket of their nomination by the recent Republican State convention at Harrisburg. The gathering was large and decidedly enthusiastic. The several candidates were present. They are: John K. Tener, of Charleroi, for Governor; John M. Reynolds, of Bedford county, for Lieutenant Governor; Charles F. Wright, of Susquehanna county, for State Treasurer, and Henry Houck, of Lebanon county, for Secretary of Internal Affairs. Both Mr. Tener and Mr. Reynolds are members of the United States Congress. Mr. Wright is State Treasurer by appointment of Governor Edwin S. Stuart, which in itself is a sustaining endorsement, and Mr. Houck is the candidate to succeed himself, Mayor W. A. Magee, of Pittsburgh, was the master of ceremonies and among the visitors of prominence was Henry F. Walton, former speaker of the Pennsylvania House of Representatives and at present chairman of the Republican committee of the State. The gathering was probably the most notable ever held in Pittsburgh and Republicans from every part of the State took a hand in the interesting proceedings. The popularity of the ticket as a whole was best told by the cheerful confidence of the party workers who were present. In introducing Mr. Ware, of Philadelphia, who made the notification speech, Mayor Magee among other things said:

"It will be the pleasure of the Republicans of this city and this State to do their duty by these candidates and the party which nominated them." The several candidates made short speeches upon accepting their nominations, but the speech of Mr. Tener probably best covered the issues in the campaign and supplied the keynote of the contest which will be taken up in earnest early next month. Mr. Tener, after telling of his approval

of this platform and declaration of principles, if I am elected I will do all in my power to put into full operation its recommendations by proposing and urging the enactment of the necessary legislation to accomplish the same.

"I appreciate the importance of good roads. Much progress has been made in that direction. Much more remains to be done.

"The preservation of the purity of food, water and the public health are of vital importance, and the most careful consideration demands the strict enforcement of all laws relating thereto.

"I agree with the declaration of our platform that our school code be revised and simplified.

"The government of a State like ours is a great business proposition and the several accounts should be so guarded and audited that no loss or leakage of any character shall be possible.

"We all recognize the wise and sagacious policies and principles which have distinguished the administration of the present executive, Edwin S. Stuart. It shall be my earnest endeavor to see that the course pursued by him shall be carried forward."

TERRORS OF THE JUNGLE

The Mosquitoes of Africa Are Worse Than the Lions.

"The African mosquitoes intoxicate you. They inject so much poison into you that you are dazed, your eyes roll and you stagger and speak thickly. In a word, you're drunk," said a missionary.

"In the Nyassa country I'd always start getting ready for bed and the mosquitoes an hour before sunset. I'd set up my mosquito net with the utmost care. I'd clamp down its edges with valves and boxes. I'd light inside it three green wood fires, filling it with a bitter smoke that all insects are supposed to loathe.

"Finally I'd get in myself. I'd smoke big pipes of the black native tobacco, and I'd long miserably in that hot, smoky atmosphere for the dawn. "Despite all my precautions quite 200 or 300 mosquitoes would get inside my net as soon as darkness fell. They were like a whirlwind in there. It couldn't have been worse. Their noise and their nipping made me feverish—made me really delicious at times.

"At last, in exhaustion, I'd get a few hours of troubled sleep, awakening for breakfast drunk from the poison injected by hundreds of tiny needles into my veins.

"No! It isn't the elephants or the giraffes that trouble the African hunter, but the skeeters."—New Orleans Times-Democrat.

WOMEN ARE WOMEN.

A Rather Roundabout Way to Prove the Proposition.

Men say women are angels; women say women are cats. Let us pause a moment and reason upon this thing.

If women are angels—however, that does not seem to be the proper starting point. Let us try again.

If angels are cats—but, no; that is hardly reasonable, for angels have wings, and cats do not fly. We must begin again.

If women are cats—but that isn't possible, for cats do not talk, and how could a dumb animal express an opinion in words of a woman? Whatever cats may think, they never say a word about a woman, while women—well, women are not cats.

Now let us return to the first proposition.

If women are angels, they wouldn't say women are cats. Angels don't talk that way.

Once upon a time a man married a woman. He said she was an angel; the women said she was a cat. Happy man, not to know the difference between an angel and a cat!

Men say women are angels, and by this token women say angels are cats. Therefore, angels being cats, cats must be angels, and, both being the same, women are women.

Which is precisely what they are.—W. J. Lampton in Lippincott's.

HIS VOCABULARY.

It Was Real Literary, According to the Willy Stenographer.

The beautiful typewriter girl puffed out her golden pompadour nervously says the Philadelphia Bulletin. "My speed 11 increase, Mr. Meer—excuse me, Wellington—my speed 11 increase 30 to 40 per cent every day."

Broker Wellington frowned. The girl had taken his dictation slowly. And in a stern, skeptical voice he said, "How so?"

"It's your new vocabulary that puts me out," she explained. "I had Mr. Meer's vocabulary very pat—as per 'contents noted,' the same—he only used about 300 words." Her flatteringly smile warmed the man like a sunbeam. "But you, sir, have a real literary style. 'Beg to submit,' 'our best attention,' 'slump,' 'bullish,' 'hypothesize'—they're all new words to me, and of course I can't rattle them off very fast at first. But just you wait, say, till day after tomorrow. Then you'll see."

"All business men have different vocabularies that their stenographers must get accustomed to, eh?" said the broker.

"Yes, sir; some large, some small." Again her smile flattered him. "Yours is larger than most. I should say it was thirty or forty words larger. Real literary, I call it."

"Miss Hoskins, if there's er—any supplies you need all you've got to do is ask," said the literary broker fatuously.

CONGRESSMAN J. K. TENER WITHDRAWS AS CANDIDATE

Will Not Affect His
Standing as Repre-
sentative.

SPECIAL MEETING CALLED

Conferees of District Expect-
ed to Meet at Pittsburg
Next Thursday.

Congressman John K. Tener yesterday withdrew as a candidate for Congress in the Beaver Lawrence Washington district by forwarding a notice to that effect to the Secretary of State at Harrisburg. Mr. Tener waited to take this step until after he was officially notified that the Republicans had nominated him for Governor. This withdrawal, however, does not affect Mr. Tener's standing as a Congressman. He still represents the district and his withdrawal as a candidate is simply for the purpose of filling the vacancy caused by nomination for Governor.

Last night the Republican State chairman, Henry F. Walton, telegraphed from Philadelphia to the county chairman of the three counties, calling for a special meeting to conferees of the counties to meet at Pittsburg at the Hotel Schenley, probably, on next Thursday afternoon to nominate a candidate. Joseph H. Thompson of the Beaver county Republican committee has called a meeting of that committee for Wednesday afternoon for the selection of conferees. The Lawrence county committee will meet the same afternoon.

County Chairman J. Frank McClay has called the executive committee together for a meeting tomorrow. This committee, acting upon the authority delegated by the county committee will select the conferees to attend the meeting in Pittsburg Thursday. It is not known who will finally be selected as a candidate to succeed Mr. Tener, as each county has candidates that have been talked of as possibilities.

REUNION OF TENTH EVENT NEXT MONTH

The annual reunion of the famous Fighting Tenth Regiment, Pennsylvania volunteers, will be held in New Brighton on August 4. All arrangements in connection with the event have been completed and no effort will be spared to make the reunion the most successful in the history of the regiment. Several hundred veterans are expected to be in attendance.

The address of welcome will be delivered by Burgess Charles H. Kennedy and the response will be by Major J. W. Neff of Masontown, Pa. The program for the day includes a sightseeing tour of the Beaver valley. The business sessions and the banquet will be held in the new armory building.

Brakeman Has Hand Impaled on Spike

Has Fortunate Escape From Be-
ing Run Over by Freight
Train.

W. J. Smith, a P. V. and C. brakeman, was slightly injured at Donora yesterday. He had been engaged in switching a lot of cars, and had practically finished his work, when he fell, and his hand was impaled on a large spike in a block. He was unable to extricate himself and finally worn out by pain and effort, fainted. His body was across the track, but fortunately the switching had been done, and his train pulled out soon after he became unconscious. A half hour later the train men discovered he was not in his accustomed place and telephoned back to Donora, and the man was located. He was sent to a Pittsburg hospital where his injury was dressed. He considered his escape from death on the track very fortunate.

STATISTICS NECESSARY

State Commissioner of Health Samuel G. Dixon has informed the physician of the State of the fact that infantile paralysis, hook worm and pellagra are on the list of diseases which must be reported in Pennsylvania. The commissioner says that infantile paralysis is now existing in several sections of the State that it should be reported to the local health authorities as soon as possible. The same is to be done with pellagra. These reports are to be made under the rule of the advisory board of health adopted on January 5.

PITTSBURG COAL COMPANY'S GAIN IS ASTONISHING

Throughout the business world the report of the Pittsburg Coal company to its stockholders, issued for six months ending June 30, has caused astonishment because of the increased production, and the substantial gains in profits. The report shows a gain of nearly 25 per cent in coal tonnage, 1,327,194 tons in the Pittsburg district and 208,271 tons in the Rocking district. The increase in coke production is 86,137 tons and the increase in gross earnings is \$789,918. The depletion of coal lands shows an increase less than \$100,000 and the items for depreciation of plant and equipment and accrued interest on first mortgage bonds are both reduced.

BROWNSVILLE FERRY COMPANY CHARTERED

Preparing for Time When Old Wooden Bridge
Will No More be Crossing Over
Monongahela River.

Governor Stuart has approved the charter of the Monongahela Ferry company, which is to operate a ferry across the Monongahela river between South and West Brownsville, with an office in Brownsville. The capital is \$5,000 and the incorporators are G. M. Hosac, Jr., Pittsburg, formerly of Harrisburg, and W. D. McBrayer, Elizabeth. This ferry will accommodate the traffic between Brownsville and West Brownsville. The ferry is made necessary because the Pennsylvania Railroad company intends to tear down the old wooden bridge now connecting the towns on the opposite side of the river at Brownsville. The old bridge is a connecting link of the old pike, but was owned by private parties, who following an order from the United States government to tear it down, sold it to the railroad company.

STUPENDOUS OUTPOURING CONSPICUOUS BY ABSENCE

Delegates Appointed by Acheson Men to Help
Form "Third Party" at Meeting
in Philadelphia.

According to the Washington Observer, "Washington enthusiastically rallied to the third party cause" yesterday, when a meeting was held at the court house and delegates chosen to attend the rump convention at Philadelphia Thursday for the purpose of nominating a third party ticket. In reality just 19 persons, including four newspaper reporters, were in attendance at the county convention, and these had been solicited to attend by the circulation of petitions some days previously at the county seat. The spontaneous outpouring of "free men" to whom Mr. Acheson issued his impassioned appeal was conspicuous by its absence.

The whole proceeding was bald of incident and dull as to detail. Boyd Crumrine, Esq., presided and Samuel Amspoker acted as secretary. But for reading "An Appeal to the Free Men of Pennsylvania," which occupied

seven minutes, the convention would have distanced the recent Republican convention at Harrisburg as to time. Delegates to the rump convention to be held in Philadelphia Thursday were chosen as follows:

T. B. H. Brownlee, former district attorney; B. F. Mevay, member of council and secretary of the Washington board of trade, Republicans, and A. G. Braden, an attorney who was a delegate to the Democratic State convention at Allentown. W. F. Smith, U. B. Ramsey and William Forgie were elected alternates. The chairman was authorized to name a committee to prepare a plan for the organization of Washington county.

No provision was made for the expenses of the delegates to the convention or plan of action mapped out. The whole proceeding was of the cut and dried order, and bore the earmarks of the handiwork of former Congressman E. F. Acheson.

GALA TIME IS PLANNED

Miners Will Hold Out-
ing Near California
on Saturday.

The coal miners along the Monongahela river are making active preparations for an outing, or picnic at Phillipsburg, on the hill near California Saturday, July 30. They have issued invitations to every miner and to every member of his family along the valley to be present and enjoy a day in the woods. Also to his family to bring the children, fill the baskets and stay all day. Various games and races will be features to amuse the people and prizes are to be offered to the winners. Two baseball games are listed on the program for the day. Several prominent speakers will be present, headed by Ex-President William Green, of the Ohio miners, followed by International Vice President Frank J. Hayes, President Francis Feehan, of District No. 5, Vice President Van Bittner, Coroner James T. Heffran, of Washington county, and others. Interpreters will be present to deliver the speeches to the non-English speaking miners.

Donora.

Between 25 and 30 members of Charleroi Circle No. 308, Protected Home Circle, including the members of the degree team, took a trip to Donora last night, where the degree team initiated a large class into membership with the circle recently formed at Donora. The degree team performed the initiatory rites under the direction of District Deputy W. R. Starke of Uniontown, who has been working in this section. The Donora circle, after the business session, entertained at a social hour and refreshments were served.

HAND AND ARM CRUSHED IN A STRANGE WAY

Jack Charman, a rod mill employe of the Pittsburg Steel company at Monessen has been sent to his home in Cleveland, Ohio, suffering from a horribly crushed hand and forearm sustained as the result of an accident at Donora Saturday night. The man according to his own story had been there to see a young lady. In getting from the path of an approaching train he fell, and to save himself put his hand on the track. He was unable to recover himself in time, and the train passed over it. He was seen by a friend after having wandered along the railroad for the greater part of the night and sent to Monessen to have his hand fixed up.

MORE MERCHANTS SIGNING

New officers for the coming term have been elected by the Charleroi Retail Clerk's local and installed as follows: President—Frank Taylor; first vice president—Miss Anna Ellenberger; second vice president—Miss Victorine Hantisse; financial secretary and treasurer—Oscar Carson; recording secretary—Miss Victorine Laborie; guide—L. P. Honsaker; guard—Earl Taylor; relief committee—Misses Mary Alexander, Anna Ellenberger and Mary Schwade.

The clerks have nearly all the Charleroi merchants signed up on the early closing hours. A degree team is being formed by the local, and a number of interesting features are being arranged. A moonlight boat excursion for some time in the not far distant future is one of the plans for social enjoyment and a committee is arranging for a series of dances to be given at Eldora Park before the close of the park season.

TRAIN PURSUED BY HOODOO HITS THE BACK TRAIL

A hoodoo pursued north bound train No. 167, running from Uniontown to Pittsburg, last night, which is due in Charleroi at 5:53. Coming down the Redstone branch the engine hauling the train blew out a cylinder head. A new engine was secured from Vanceville Junction, and it had little more than started with the passenger laden train until it jumped the track. Thereupon, disgusted, the trainmen were forced to await the arrival of the south bound train No. 168, when passengers were transferred, and No. 168 came back down the division while the hoodoo pursued train managed to get their engine back on the track and proceeded to Uniontown.

PAVING THE BIGGEST ITEM

Property Valuation Increased
and Town Greatly
Beautiful.

Improvements costing a total of \$19,074.56 were made by the borough of North Charleroi during the last year. The biggest item in the entire bill is that of grading and paving on Lincoln avenue. By a bond issue the paving was made possible.

The total cost of grading and paving on Lincoln avenue with incidentals included was \$12,057.25. In this alone the paving work cost for the distance of 4,622.1 square yards \$6,332.28. On the East Branch grading and paving cost \$2,015.67. In West Fourth street the paving with incidentals cost \$3,478.86.

The Hallam Construction company of Washington did the work of paving, and laid sewers in the borough, both being big jobs. In the distribution of cost, there is a balance in favor of the borough of \$2,102.43 through deduction for sewer and sewer pipe plus 2 per cent, deduction for building wall and deduction for paving to property lines. This leaves the amount to be distributed of \$16,972.10. Of this the one third cost of the borough is \$5,657.35, and the cost to adjacent property two-thirds, \$11,314.74. With the total number feet front of abutting property 4,404.53, the cost per front foot is to the property owners \$2.57. Through the very extensive improvements, North Charleroi has been benefitted and beautified. Property valuations have raised considerably there since the paving of the streets and the sewerage of the town.

VALLEY ROAD MUCH FAVORED BY CITIZENS

The citizens along this river should arise en masse and demand that a straight road be placed along the river with the absence of grade crossings. This district is no longer a sparsely populated rural community. It is one that bustles with industry and thousands of people travel daily between Brownsville and Monongahela, by road, train and street car. The public road is a necessity and it is up to the people who must endure the risk to demand that their lives be protected. When the street cars run at the rate of 40 to 50 miles an hour in order to keep up their schedule through a district so thickly populated provision should be made to abolish the crossings. Lives are more precious than property and therefore the greatest efforts should be put forth to minimize the great sacrifices being made by reason of grade crossings. Let us have a river road without the railroad and street cars crossings, and let the agitation be kept up until it is accomplished.—Roscoe Ledger.

A Wretched Fiasco

The so called convention and attempt to organize a third party in Washington yesterday resulted in a wretched fiasco. Instead of a spontaneous gathering of "free men" at the county seat to register their protest against the alleged misuse of the Republican party, and the obstinacy of the Democratic party in refusing to nominate a candidate that the disgruntled felt they could support and still keep their standing in the Republican party, nineteen residents of the county seat, including newspaper reporters, were present. These had to be drummed up and the proceedings decidedly bore the earmarks of manipulation—cut and dried at that. It is needless to remark that the manipulation was the handiwork of one Ernest E. F. Acheson, the king bee of political soreheads.

A glance of the personnel of the following of the rump movement will readily convince the most skeptical of the hopelessness of the cause. If the Washington county movement represents the class of political revolutionists of the State—and it probably does—the showing is ridiculous to say the least. Nineteen people, and one fourth of them newspaper reporters, is a pretty slim basis on which to base a "political uprising of the masses."

Grade Crossings

An editorial comment from the Roscoe Ledger, published elsewhere in this issue, relative to grade crossings, is most timely. The Ledger is in accord with the proposed river boulevard, but in addition it advocates that all grade crossings along the thoroughfare be abolished. As both railroad and street railway cross the road at frequent intervals, some of these crossings are highly dangerous. This was demonstrated not long since by the fatal accident whereby an auto was run down by a trolley car and two persons killed and five more seriously injured.

When Mark Twain published his "Innocents Abroad," and that was in the early 're-ties," he marvelled at the absence of grade crossings in France. He dealt upon the perfect roads in La Belle France, and how the railroad train on which he was riding crossed above and below these roads, but never on a level. In that country railroads had to conform to

the safety of the people from the very start, and grade crossing accidents have never been known there. A grade crossing is a most deadly menace wherever it exists. They never should be tolerated anywhere, and it was only by the negligence of the public that they were permitted at all. The point of the Roscoe Ledger is well taken, and when the river boulevard is laid out, the grade crossings should be eliminated.

Works Well Here

The recent decision of the Superior Court, sustaining Judge Melvaine's action in license court in refusing the Star Brewery license for alleged violations of the Brooks law, is decidedly a set-back to the local option sentiment, particularly county option. Judge Melvaine's action at the license court demonstrated that the Brooks law can and does restrict the liquor traffic when enforced to the full extent of the law, and that where this enforcement prevails the effect is virtually the same as local option.

In view of the recent lynching at Newark, Ohio, because of a failure to enforce local option laws in a community hostile to it, the feeling is gaining ground that in industrial communities, at least, the license discretion is safer with the courts than with the voters. In Washington county there can be no complaint on the part of conservative people of the court's action. Licenses are reduced to a minimum in this county, and they are regulated by conditions and sentiment. If the option were left to the voters it is quite certain that many dry spots in this county would become wet. The merits of local option depend upon the enforcement of the law, and if the Brooks law is enforced up to the letter, it accomplishes practically the same results.

CATHOLICS GAIN VICTORY THROUGH HARDER HITTING

The Catholics by slam banging the horsehide into all corners where players were not, captured a rattling hitting contest from the Lutherans last night by the score of 10 to 5. Miller, the young Lutheran twirler, was seemingly in good shape and worked hard, but the Catholics brought their batting clothes, and they insisted upon banging the ball every time chance afforded. The Lutherans did some smiting of the pill in the sixth inning, when they got four hits.

The Lutherans began the scoring in the third inning and the Catholics secured three runs the next inning on a like number of hits and two bases on balls. In the sixth they scored three more on a quantity of bingles, and the Lutherans went after things, for four runs and four hits, and two errors. The Catholics again gleaned four in the seventh on a similar number of bingles. The score:

MOONLIGHT EXCURSION PLANNED BY MONESSEN KNIGHTS OF COLUMBUS

The Knights of Columbus and the Ladies Catholic Beneficial Association of Monessen have made arrangements to give another delightful boat excursion on Thursday, September 1, in the afternoon and evening, for the benefit of the St. Leonard's church.

The big steamer Sunshine has been chartered and will leave the different towns at the following hours, Webster at 9, Monessen at 10, Charleroi at 11 and returns to Charleroi at 4 p. m., to Monessen at 5 and Webster at 5:30. In the evening leaves Webster at 6:30, Monessen 7:30, Charleroi 8:30. Jenkins orchestra has been secured to furnish the music for dancing and there will be other amusements for the younger people. Two handsome prizes valued at \$25 and \$50 are offered by the Knights of Columbus to the ladies selling the highest and next highest number of tickets.

UNDESIRABLES ARE EJECTED FROM HOUSE

Through efforts of Health Officer William Darby, Chief of Police C. W. Albright and Patrolmen George McElowney, a house at the corner of Seventh street and Fallowfield avenue, included in the purchase of the government for a government building, has been cleared of some undesirable residents. Through the unsanitary conditions preserved by the foreigners, who inhabited it, Health Officer Darby took steps to have them removed, and last night the head of the family was brought to the police station, where Burgess Risbeck told him that inasmuch as the agent from whom they rented the house did not any longer have charge, their absence was desirable, and that moving would be made a necessity within three days.

MAN'S INFATUATION FOR THIRTEEN-YEAR OLD CAUSES FRACAS

Frank Vitale of Tenth street was fined \$6.00 and costs by Burgess Risbeck this morning on a charge of disorderly conduct in consequence of a much mixed up affair. The informant was Mrs. Katolena Esposito. Mrs. Esposito has a 13 year old daughter to whom it is stated the man has been paying attention for some time. He was spurned by the girl, it is said, until yesterday he entered the home to plead with the mother to be allowed to marry her daughter, and it is alleged became disorderly. The woman after she had succeeded in having him ejected from the premises, came for Chief of Police Albright, and had the man arrested at a shoemaker's shop. From the result of alleged actions which are strenuously denied by the woman and some of those who are said to have seen the entire occurrence, Mrs. Esposito was arrested on information of the shoemaker's wife, and the evidence being against her she was fined \$1.00 and costs by Justice of the Peace E. E. Rice yesterday afternoon. The case has been reopened, on account of some alleged incorrect evidence and some other disposition may be made of it.

JOURNALIST IN THIS SECTION FOR MATERIAL

Maximilian Foster, a noted journalist and magazine writer, was a caller yesterday on Jesse K. Johnston, superintendent of the Charleroi Coal Works, who is an old-time acquaintance and friend. Mr. Foster, who was on his way to San Francisco, Cal., which is his home, has been associated with the staff of writers of the Saturday Evening Post and one of his articles, "Billy's Graft," will no doubt be recalled by many readers in this community. He is working up several articles connected with the industrial situation, and his visit to the Pittsburgh district was no doubt in search of material and information.

CURTIS TO APPEAR AT PITTSBURG IN THREE-DAY MEET

Glen H. Curtiss recently won the \$10,000 purse offered by the New York World for a flight from Albany N. Y. to Governors Island. He also finished six weeks' exhibition for the Government, demonstrating that the aeroplane can be used in time of war. His exhibition of sailing over the ocean at Atlantic City surpassed all previous flights.

During his stay at Brunot Island, Pittsburgh, August 4, 5 and 6, he will demonstrate all movement of the aeroplane.

The Pittsburgh Aero Club, under whose auspices he is flying, has made superb arrangements for handling the crowds.

A line of steamers will leave Sixth street bridge every 10 minutes. Lake Erie R. R. will run special trains every 10 minutes. Corapolis, Island Avenue, West Park and McKees Rocks, where a pontoon bridge has been erected direct to the Island free to the patrons. Woods Run street car from city every five minutes to Sterling street, where a new line of ferries will be running.

This exhibition of aeroplane manipulations will be the sight of a lifetime. A similar exhibition was given in the State of Arizona; people coming from 1,500 miles to witness it. Any of our readers visiting Pittsburgh during this meet are advised to cut this out, take it with them for reference.

MEMBERS OF LOCAL AREA MAY ATTEND GRAND CONVENTION

It is expected that some of the members of the local Aerie of Eagles will attend the annual national convention which convenes for a five days session at St. Louis, Mo., on August 22. The delegate from the Charleroi aerie is Patrick Acton.

The Chief Make Visit

A special train containing Superintendent A. G. Mitchell, of the Monongahela division, and a number of head traffic chiefs made a trip over the division today. The purpose of their visit is not known.

Friends Making Efforts to Have Boys Released

Friends, backed by a petition containing 202 signatures, are making a fight for the release of Daniel Tolan and George Drennon, two Belle Vernon boys in jail at Uniontown and under sentence to Huntingdon. Commitments to the Reform School have been made out but the prisoners are held awaiting final action in the matter.

Drennon and Tolan with a companion pleaded guilty to the larceny of brass from the P. and L. E. railroad. They were charged with taking the brass journals from cars between Fayette City and Belle Vernon and were brought to Monessen by special agent, Felix Silivensky and afterwards taken to Brownsville where they were given a hearing on June 16.

The petition filed asks that the two prisoners be paroled and avers that they were not the leaders of the real parties concerned in the taking of the brass.

Viewers Will Meet Wednesday at Donora

Tomorrow is the date set by the commissioners appointed to investigate the necessity for a re-division of Donora into additional voting precincts as prayed for by the voters of Donora at a recent petition to court. A number of witnesses will testify at the investigation which will be held at Hotel Indiana.

Delegate to Convention

Alex Hudspeth has gone to Philadelphia to attend the annual convention of the Sons of St. George, as a delegate from the Charleroi order. While absent he will visit Washington, D. C., and Atlantic City.

WHEN WOMEN REGISTER.

A Hotel Clerk Explains Why a Blotter Is Necessary.

"Hotel clerks get to be great observers of human nature," said an old hotel "lobbyist." "During the many hours out of each day that I spend waiting this chair I have learned many tricks of their trade which go to prove my statement."

"In fact, this clerk here has a peculiar trick of his own which shows how keen an observer he is. If you watch him at work you will find whenever a woman is registering he holds a blotter so as to hide the other names on the page. At first when I noticed it I thought that he was merely holding the blotter in readiness to use it in the newly written name, but when I found that he did it only when a woman was registering my curiosity got the better of me, and I asked the reason."

"Why," said he, "women are the most nervous creatures in the world. I hold that blotter up to show that I am not watching them write their names and at the same time to keep them from trying to excel the other handwritings on the page. If they noticed that I was watching them closely it is a safe bet that they would get nervous and make an awful batch of their signatures trying to be fancy. On the other hand, if they saw a particularly pretty signature on the next line the chances are that they would try to improve theirs with a flourish or two, which generally means a choice blot to be scratched out by yours truly."

"I decided to test his theory by looking over a woman's shoulder while she registered. The result was just what he said it would be."—Milwaukee Sentinel.

ONE BUSINESS REFORM.

Brought About by Frank Statements From Former Employees.

If the manager of a business institution knew all that his employees know about the details of the business many things would be different. The manager of a large mercantile house recently conceived the idea of writing a personal letter to every employee who had left the house during the last five years, inviting a frank statement of the reason for leaving. The former employees, now expecting neither censure nor favor, were very frank and explicit and, as a rule, wrote letters that could not fail to command respectful attention. One man told how hard he had worked to support his mother and how, when he asked for an increase, he was shifted back and forth between different superiors for several weeks without having his request rejected or acceded to and he grew tired and sought another position. Another told of the impositions of the department manager and of his inability to get relief from a nagging disposition which was taking the heart out of hundreds of other men in his department. Many points of obvious mismanagement were brought to light which had virtually driven away good men who had been educated to the business. The manager has been busy ever since instituting reforms based upon the information he received.—Collier's Weekly.

MASON INSTRUCTED TO REPORT READY TO PLAY SATURDAY

Manager Grant of the Knoxville team of the County League called Joe Mason, coach of the Lutheran team, over long distance phone last evening and asked him to report if possible to play third base against Wilkesburg this coming Saturday. Joe Mason's name has been on the Knoxville roster since the opening of the season, and Manager Grant's club is now fighting for first place against the West Enders for whom Frank MacHale is twirling. Joe wants to get Dietz and Newton, the brilliant young infielders on the Catholic team, in the County League also, as these two are, in his opinion, ripe for faster company.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

When Dispatch is VITAL

The convenience of one telephone message has often paid for an entire year's telephone service.

The Bell Telephone System affords a wonderful efficiency in matters where dispatch is vital. The same prompt service is certain whether the message is important or not; whether it is sent morning, noon or night; or whether it travels one mile or one thousand.

In the time it saves—in the expense it saves—the labor it saves—and in the dispatch it insures at all times—the Bell System is recognized everywhere as furnishing the one truly adequate service.

For rates and other information regarding service, call the District Manager.

Republican Candidate For Governor Stands Squarely Upon the Platform of His Party

TALKS LIKE A BUSINESS MAN

He is Dignified and Concise and His Successful Record in Every Walk in His Life Gives Confidence to the Party Workers.

John K. Tener, the nominee of the Republican party for Governor of Pennsylvania has given to the voters of the State the platform upon which his administration will be constructed and his proclamation has completely disarmed the discontents who have been endeavoring to muster a third or independent party in the State. The original plan of the discontents was to build an independent movement upon the dissatisfaction provoked by the overwhelming defeat of the Bryan forces in the State at the recent Allentown convention when State Senator Webster Grim was made the Democratic candidate for Governor. The old line Democrats from every section of the State resented the assault upon the work of their convention and the Democratic end of the independent party movement was completely wrecked. Then followed an effort by the self-seekers to attack Mr. Tener but Mr. Tener has placed himself so squarely and so sincerely upon the platform of the greatest good to the greatest number that the discontents have been driven in desperation to their own scanty following and to all intents and purposes the independent party has died aborning. It still seems certain that an independent party will be organized in the State, but its organization is certain to be made up of selfish place hunters, that rag-tag and bob-tail few, who, according to their own way of thinking, are absolutely pure and undefiled and whose main purpose in life is to hold public office to be administered along the lines of some theory removed from earthly things. The candidate or candidates of the proposed third party will include either D. Clarence Gibbons, of Philadelphia, or Former Mayor George W. Guthrie, of Pittsburgh, or W. H. Berry, the Bryan representative in this State. These gents are already in a sort of a dead-heat race for the first honor at the hands of the proposed new party and the interest in their proposed movement seems to be confined wholly and entirely to themselves. They will be their own delegates to their own convention and they will be the candidates of their own selection. The one capable of shouting out the meanest things about Pennsylvania will no doubt receive and merit the highest honor at their own hands and, being on the "boiler" than "lion" order, the voters of the State will be asked and expected to join them in their campaign of vilification now more politely termed up-lifting.

The blow delivered to these pre-tending disturbers by the indignant Democrats fairly staggered them, but the knock-out was delivered to them in Pittsburgh last Saturday when the Republican workers from every county in the Commonwealth gathered at the American Republican club rooms and formally notified Mr. Tener and his colleagues on the Republican State ticket of their nomination by the recent Republican State convention at Harrisburg. The gathering was large and decidedly enthusiastic. The several candidates were present. They are: John K. Tener, of Charleroi, for Governor; John M. Reynolds, of Bedford county, for Lieutenant Governor; Charles F. Wright, of Susquehanna county, for State Treasurer, and Henry Houck, of Lebanon county, for Secretary of Internal Affairs. Both Mr. Tener and Mr. Reynolds are members of the United States Congress. Mr. Wright is State Treasurer by appointment of Governor Edwin S. Stuart, which in itself is a sustaining endorsement, and Mr. Houck is the candidate to succeed himself. Mayor W. A. Magee, of Pittsburgh, was the master of ceremonies and among the visitors of prominence was Henry P. Walton, former speaker of the Pennsylvania House of Representatives and at present chairman of the Republican committee of the State. The gathering was probably the most notable ever held in Pittsburgh and Republicans from every part of the State took a hand in the interesting proceedings. The popularity of the ticket as a whole was best told by the cheerful confidence of the party workers who were present. In introducing Mr. Vare, of Philadelphia, who made the notification speech, Mayor Magee among other things said:

"It will be the pleasure of the Republicans of this city and this State to do their duty by these candidates and the party which nominated them." The several candidates made short speeches upon accepting their nominations, but the speech of Mr. Tener, probably best covered the issues in the campaign and supplied the keynote of the contest which will be taken up in earnest early next month. Mr. Tener, after telling of his appreci-

ation of this platform and declaration of principles, if I am elected I will do all in my power to put into full operation its recommendations by proposing and urging the enactment of the necessary legislation to accomplish the same.

"I appreciate the importance of good roads. Much progress has been made in that direction. Much more remains to be done.

"The preservation of the purity of food, water and the public health are of vital importance, and the most careful consideration demands the strict enforcement of all laws relating thereto.

"I agree with the declaration of our platform that our school code be revised and simplified.

"The government of a State like ours is a great business proposition and the several accounts should be so guarded and audited that no loss or leakage of any character shall be possible.

"We all recognize the wise and sagacious policies and principles which have distinguished the administration of the present executive, Edwin S. Stuart. It shall be my earnest endeavor to see that the course pursued by him shall be carried forward."

TERRORS OF THE JUNGLE

The Mosquitoes of Africa Are Worse Than the Lions.

"The African mosquitoes intoxicate you. They inject so much poison into you that you are dazed, your eyes roll and you stagger and speak thickly in a word, you're drunk," said a missionary.

"In the Nyassa country I'd always start getting ready for bed and the mosquitoes an hour before sunset. I'd set up my mosquito net with the utmost care. I'd clamp down its edges with valves and boxes. I'd light inside in three green wood fires, filling it with a bitter smoke that all insects are supposed to loathe.

"Finally I'd get in myself. I'd smoke big pipes of the black native tobacco, and I'd long miserably in that hot, smoky atmosphere for the dawn. "Despite all my precautions quite 200 or 300 mosquitoes would get inside my net as soon as darkness fell. They were like a whirlwind in there. It couldn't have been worse. Their noise and their nipping made me feverish—made me really delirious at times.

"At last, in exhaustion, I'd get a few hours of troubled sleep, awakening for breakfast drunk from the poison injected by hundreds of tiny needles into my veins.

"No, it isn't the elephants or the giraffes that trouble the African hunter, but the skeeters."—New Orleans Times-Democrat.

WOMEN ARE WOMEN.

A Rather Roundabout Way to Prove the Proposition.

Men say women are angels; women say women are cats. Let us pause a moment and reason upon this thing.

If women are angels—however, that does not seem to be the proper starting point. Let us try again.

If angels are cats—but, no; that is hardly reasonable, for angels have wings, and cats do not fly. We must begin again.

If women are cats—but that isn't possible, for cats do not talk, and how could a dumb animal express an opinion in words of a woman? Whatever cats may think, they never say a word about a woman, while women—well, women are not cats.

Now let us return to the first proposition.

If women are angels, they wouldn't say women are cats. Angels don't talk that way.

Once upon a time a man married a woman. He said she was an angel; the woman said she was a cat. Happy man, not to know the difference between an angel and a cat!

Men say women are angels, and by this token women say angels are cats. Therefore, angels being cats, cats must be angels, and, both being the same, women are women.

Which is precisely what they are—W. J. Lampton in Lippincott's.

HIS VOCABULARY.

It Was Real Literary, According to the Willy Stenographer.

The beautiful typewriter girl puffed out her golden pompadour nervously, says the Philadelphia Bulletin. "My speed 'll increase. Mr. Meer—excuse me, Wellington—my speed 'll increase 30 to 40 per cent every day."

Broker Wellington frowned. The girl had taken his dictation slowly. And in a stern, skeptical voice he said, "How so?"

"It's your new vocabulary that puts me out," she explained. "I had Mr. Meer's vocabulary very pat—as per 'contents noted.' 'the same'—he only used about 300 words." Her flattering smile warmed the man like a sunbeam. "But you, sir, have a real literary style. 'Beg to submit,' 'our best attention,' 'slump,' 'bullish,' 'hypothesize'—they're all new words to me, and of course I can't rattle them off very fast at first. But just you wait, say, till day after tomorrow. Then you'll see."

"All business men have different vocabularies that their stenographers must get accustomed to, eh?" said the broker.

"Yes, sir; some large, some small." Again her smile flattered him. "Toots is larger than most. I should say it was thirty or forty words larger. Real literary, I call it."

"Miss Hoskins, if there's—er—any supplies you need all you've got to do is ask," said the literary broker fatuously.

Polishing a Diamond

The polishing of a diamond is a very slow process, because of the great hardness of the material; besides this, the work must be frequently interrupted to allow the disk to cool out after it has become overheated by friction. Each time a new facet is to be cut the diamond must be removed from the dop and reset at another angle, and the diamond cutter trusts to his eye alone to guide him in this delicate adjustment, although in the case of very small diamonds a magnifying glass is necessary. The skill shown in placing the stone in the heated metal, sometimes with the bare hand is surprising. The regular brilliant has fifty-six facets, besides the table and the collet—thirty-two above the girdle and twenty-four below—but as eight facets are first formed, both above and below, each of these being recut into three or four smaller ones, there are considerably more than fifty-six separate surfaces to be cut.—Dr. George F. Kunz in Century.

An Ugly Looking Lizard.

Among the lizards of Australia the "thorny devil" (Moloch horridus) is unrivaled in its ugliness. From the tip of its nose to the end of its tail this lizard is covered with tubercles and spines, but in spite of its dangerous appearance it is quite harmless. It measures about seven inches in length. It has a flat body, a small head and a cylindrical tail. It frequents sandy places, feeds largely on ants and is more or less diurnal in habits. Its powerful limbs are furnished with strong claws, which it uses in digging the sand, in which it often lies wholly or partially buried.

Defined.

"What is the difference between firmness and obstinacy?" asked a young lady of her fiance.
"Firmness" was his gallant reply.
"Is a noble characteristic of women; obstinacy is a lamentable defect in men!"

Her Eyes Opened.

Scribbler.—She isn't writing any more articles on how to manage a husband. Scrawler.—No; she knows better now. She's married.—Philadelphia Record.

His Athletic Neighbor.

A young man inmate of a boarding-house had been disturbed night after night by the boarder in the next room doing things with a punching bag he'd rigged up in the room some way. At breakfast each morning the young man would look over the board and wonder who the bag puncher might be, but there was no one in sight but a bunch of women and eight or ten men with narrow chests and retreating chins. One night he made up his mind to knock on the bag punching room's door and ask him to put over his exercise until daylight when all the world's awake. The man might be small enough to bulldoze even with all his athletics. The door opened and there, clad in a tight fitting red jersey, was a robust, buxom woman of perhaps thirty summers.

"And what did you say to her?" the young man was asked.
"I was so startled," replied he, "that I asked what afterward seemed to me the most natural request I could have made. I asked her if she'd lend me a couple of matches."—Cleveland Plain Dealer.

The Persistency of Colds.

Why is it that we are so heavily subject to colds? Other epidemic diseases—measles, typhoid, scarlet fever, diphtheria—may get hold on us once and there is an end; it is not usual to have any of them twice. We brew in our blood humanity. The poison of the disease evokes in us its proper antidote. Our blood cells make a sort of natural antitoxin and keep it in stock, so that we are henceforth protected against the disease. A well vaccinated nurse, for example, works with safety in a smallpox hospital, where the very air is infective, but her blood is so changed by vaccination that the smallpox cannot affect her. By scarlet fever, again, we are, as it were, vaccinated against scarlet fever. The reaction of our blood against the disease immunizes us. No such result follows influenza or a common cold. We brew nothing that is permanent. We are just as susceptible to a later invasion as we were to the invasion that is just over.—London Spectator.

The Festive Codfish.

A correspondent of the New York Post says that the codfish frequents "the tablelands of the sea." The codfish no doubt does this to secure as nearly as possible a dry, bracing atmosphere. This pure air of the submarine tablelands gives to the codfish that breadth of chest and depth of lungs that we have so often noticed. The glad, free smile of the codfish is largely attributed to the exhilaration of this oceanic altitoodleum. The correspondent further says that the "codfish subsists largely on the sea cherry." Those who have not had the pleasure of seeing the codfish climb the cherry tree in search of food or clubbing the fruit from the heavily laden branches with chunks of coral have missed a very fine sight. The codfish when at home rambling through the submarine forests does not wear his vest untbuttoned as he does while loafing around the grocery stores of the United States.—Bill Nye.

A High Priced Fricassee.

Lord Alvauley, a noted wit and high liver in England a hundred years or so ago, insisted on having an apple tart on his dinner table every day throughout the year. On one occasion he paid a caterer \$1,000 for a luncheon put up in a basket that sufficed a small boating party going up the Thames. Being one of a dozen men dining together at a London club where each was required to produce his own dish, Alvauley's, as the most expensive, won him the advantage of being entertained free of cost. This benefit was gained at an expense of \$540, that being the price of a simple fricassee composed entirely of the "noix," or small pieces at each side of the back, taken from thirteen kinds of birds, among them being 100 snipe, 40 woodcocks and 20 pheasants—in all about 300 birds.

Our Eccentric Phrases.

Why do we always talk of putting on a coat and vest? Who puts on a coat before a vest? We also say putting on shoes and stockings. Who puts on shoes before the stockings? We also put up signs telling people to wipe their feet when we mean their boots or shoes. And a father tells a boy he will warm his jacket when he means to warm his pantaloons. We are a little eccentric in our phrases at times.

An Odd Epitaph.

The following epitaph is to be found in a cemetery within seven miles of New York's city hall:
Reader, pass on; don't waste your time O'er bad biography and bitter rhyme. For what I am this crumbling clay insures. And what I was is no affair of yours.

HER GREETING.

In Spite of the Old Lady's Care She Managed to Blunder.

The daughters of a certain charming old lady in Washington are frequently much upset by the odd social blindness of their parent, whose failings in this respect are, however, more than offset by her kindness of manner.

Among the callers to the house of this family was a Mrs. Farrell, who, after some years of widowhood, again married, this time becoming the wife of a Mr. Meggs.

"If you love us, mother," said one of the girls when the newly married lady's card had been brought in one afternoon shortly after the completion of the honeymoon, "don't make the mistake of calling her Mrs. Farrell."

The mother solemnly promised to commit no faux pas and as she went downstairs was heard to repeat to herself, "Meggs—Meggs—Meggs—not Farrell."

At the conclusion of the call the old lady was met at the head of the stairs by the daughter, who at once observed an ominous expression of despondency on the old lady's face.

"Oh, mother," she exclaimed, "surely you didn't!"

"No, Clara," replied the mother emphatically. "I didn't. I was so careful to call Mrs. Meggs by the name."

"Well, what's the trouble, then?"

"Oh, dear!" murmured the finely old lady, as she sank into a chair. "I was awful of me I know! When I greeted her I said: 'I am glad to see you, Mrs. Meggs. How is Mr. Farrell?'—Harper's Weekly.

Clyde Fitch's Joke.

"Clyde Fitch was an indefatigable worker," said an actor who has played in many of the Fitch comedies. "When he had a play on the stocks he would labor over it day and night, often scarcely pausing for his meals and getting very little sleep; consequently his health suffered. He would work until on the verge of a nervous breakdown, and then his physician would step in and force him to knock off."

"During one of these periods of enforced illness he was lounging in the Players club one day when Barry B. Smith, the prolific comic opera librettist, strolled in.

"What are you doing now?" asked Smith.

"I am in my doctor's hands," replied Fitch. "He tells me I'm in a bad way and has absolutely forbidden me to do any brain work."

"That's tough," said Smith. "How do you manage to put in the time?"

"Oh, I'm writing the libretto of a musical comedy," replied Fitch, with one of his cynical smiles.—New York Times.

Hair Monstrosities.

French theater managers in the eighteenth century had worse evils than picture hats to contend against. Marie Antoinette, who was short even according to French standards, set the fashion of high coiffures, and ultra-fashionable women prided themselves on measuring four feet from their chins to the tops of their heads. These structures took about six hours to erect, the hairdresser mounting a ladder in the process. Some coiffures were almost as broad as they were long, with wings sticking out about eight inches on each side of the head. For the "frigate" coiffure the hair was ripped in a huge pile to represent the waves of an angry sea and surmounted by a fully rigged ship. As a consequence of these monstrosities disturbances in theaters occurred almost daily until an ordinance was issued against the admission of women with high coiffures to the floor of the house.—Chicago News.

Yet He Meant Well.

Just as the train was leaving the Fifty-eighth street elevated station a man who had got off there hurried along the platform and spoke to a passenger sitting by an open window in the smoking car.

"Quick!" he cried. "Please hand me that package. I left it on the seat when I got out just now."

"Sure," said the passenger, picking up the bundle and tossing it out of the window.

"Thanks!"

"Hey, there! What are you doing that for?" demanded the wrathful, red faced man sitting next to him.

"Why, he—"

"You double dyed idiot, that package belonged to me! It was \$15 worth of laces and ribbons I was taking home to my wife!"

Over the scene that followed let us draw a veil.—Chicago Tribune.

His Prayer.

A good old deacon in Connecticut was very pious and very fond of clams. When once upon a time he attended a Rhode Island clambake he overtaxed his capacity and was sorely distressed. But his faith in prayer was unabated. Leaving the party and going down on his knees behind a tree, he was heard to supplicate: "Forgive me, O Lord, this great sin of gluttony. Restore my health and I will never eat any more clams." Then after a judicious pause: "Very few, if any. Amen."
